Original Component Manufacturers & Suppliers For OEM's

PROFILE

Allena Auto Industries Pvt.Ltd. is a renowned company engaged in manufacturing and supplying a wide array of Original Auto Parts, having ISO/TS 16949 certification. The company was incepted in the year 1972 at Wazirpur Industrial area, Delhi under the Dynamic Leadership of Mr. Amrit Singh Thapar who is presently the Chairman and Managing Director of Allena group of Industries.

Our company has setup many landmarks in the field of Automobile Industry. Some of our esteemed customers are, M/s Tata Motors Ltd, Maruti Suzuki India Ltd, Simpson & Co. Ltd, Subros Ltd, Lucas TVS Ltd, Indo Farm Equipments, Bridgestone and still counting.

We are reckoned for being a client centric company and are focused to keep enhancing the quality level that we are serving to our consumers. With our strong vision and professionalism, we have created a huge base of contented clients. Through our superior products and services, we have attained maximum client satisfaction.

The products being supplied by **Allena group of Industries** are under self-certification and we are getting excellent ratings from most of our Customers. It gives us great pleasure to inform you that Maruti Suzuki India Limited (formerly Maruti Udyog Ltd.) had selected our company as the best performing vendor and today we are self certified vendors of Maruti Suzuki India Ltd, Tata Motors Ltd and Subros Ltd.

Considering the growing demand of our present customers, the new Joint Ventures coming to the Indian markets and our success at every step, we have expanded ourselves and today our group has FIVE manufacturing units.

We would also like to add further that **Allena Group of Industries** has the best possible Special Purpose Machines, Inspection and Testing facilities required for the manufacturing of its components. All our units have their own Lab, Tool Room facilities and Standard Room for calibration of its Tools, Gauges and Inspection Instruments.

It will be a matter of pride for us to add the components of your vehicles to our product range.
